From/to the airport and transportation hubs & moving around

Public transport is efficient, cheap and (typically) comfortable

- Comprehensive information on ticket pricing can be found here:
<http://www.ztm.waw.pl/?c=110&l=2>
- Hint: select “strefa 1” tickets (“zone 1”) (“strefa 2” is for travels outside Warsaw).
- For travel from Warsaw Chopin Airport to the downtown, you should buy “Single-fare transfer ticket”. Bus 175 connects the airport and the city centre/downtown).
- For information on travel from Warsaw Modlin Airport, please go to the website <http://en.modlinairport.pl>
- For most of the travels in the downtown “20-minute ticket” should suffice.
- Tickets can be purchased from ticket machines or sales points (newspaper stands, grocery stores etc.) as well as from ticket machines in buses and trams (attention: not all buses and trams are equipped with ticket machines – in this case bus/tram driver should be able to sell you a single fare ticket).

Taxis

- In essence, taxis in Warsaw are safe and comparatively cheap.
- However, it is recommended to order a taxi by phone from a reputable company:
 - EcoCar (+48) 123456789
 - ELE Taxi (+48) 22 8111111
 - WAWA Taxi (+48) 22 644 44 44
 - SUPER Taxi (+48) 22 196 22
- It is safe to take a taxi at Warsaw Chopin Airport – just use the official taxi stand literally in front of the arrivals exit. You will easily notice a queue of taxis – these are official airport taxis (ELE, WAWA, and SUPER taxi).
- For information on travel from/to Warsaw Modlin Airport, please go to the website <http://en.modlinairport.pl>

- Wi-fi free access codes will be provided.
